## PROFESSIONAL EXPERIENCE

**Assistant Manager — CRM, Careers360** **June 2025 – August 2026**
*Gurugram, India*

- Architected and executed end-to-end lifecycle campaigns on CleverTap across push, email, and SMS for a 10M+ MAU EdTech platform, driving engagement and reactivation at scale.
- Designed behavioural segmentation models using real-time user-journey data to deliver hyper-personalised communications that improved open rates and CTR across user cohorts.
- Built and maintained A/B testing frameworks across subject lines, send times, and creative variables, continuously optimising for conversion and retention KPIs.
- Developed and owned campaign performance dashboards, translating CleverTap analytics into actionable weekly insights for product and business stakeholders.
- Collaborated cross-functionally with product, content, and tech teams to align lifecycle communication with platform feature launches and business milestones.

**Associate Manager — CRM, Impacteers** **December 2024 – March 2025**
*Chennai, India*

- Executed full-funnel CRM campaigns across app push, email, and SMS on CleverTap, applying user-journey segmentation to improve targeting precision across multiple user cohorts.
- Monitored campaign KPIs and generated comprehensive post-campaign reports, enabling data-driven optimisation of messaging, timing, and audience selection.
- Managed multiple concurrent campaigns with independent timelines, ensuring on-time delivery and alignment with quarterly business objectives.
- Presented campaign performance, quarterly goals, and strategic recommendations to senior management and internal stakeholders.

**Business Operations & CRM Lead, Three Arrows International Express** **August 2023 – December 2024**
*New Delhi, India*

- Led donor, volunteer, and partner CRM strategy, designing segmented multi-channel campaigns that improved partner engagement and communication consistency.
- Built retention workflows based on behavioural and location-based segmentation, reducing donor churn and increasing repeat-engagement rates.
- Delivered monthly stakeholder engagement reports highlighting retention metrics, campaign outcomes, and risk mitigation strategies.

- Oversaw cross-border logistics operations including freight forwarding, customs clearance, and last-mile delivery, reducing operational costs through process streamlining.

**Business Operations Executive — Retention Marketing, Docquity** **July 2021 – April 2023**
*Gurugram, India*

- Managed end-to-end CRM campaigns for pharma clients including Pfizer, Novartis, and Abbott across Southeast Asian markets, owning all communication channels (app push, email, SMS).
- Executed user-level segmentation via CleverTap and Mailchimp, designing lifecycle journeys that drove user acquisition, activation, and retention across SEA markets.
- Ran systematic A/B tests on subject lines, creatives, and send-time variables; used Branch analytics and Tableau to measure performance and recommend optimisations.
- Served as primary point of contact for campaign planning and post-campaign analytics across all pharma client accounts, presenting KPI reports and strategic recommendations to stakeholders.

**CRM Associate — Growth Marketing, OYO Hotels and Homes** **April 2019 – September 2020**
*Gurugram, India*

- Delivered personalised retention and re-engagement campaigns via CleverTap and MoEngage, covering push notifications, email, in-app banners, and coupon-based CRM for OYO's large consumer base.
- Coordinated joint CRM campaigns with partner brands MakeMyTrip (MMT) and Goibibo, synchronising messaging to maximise reach and improve conversion rates.
- Managed Felix platform operations, publishing in-app banners, tiles, and coupons live on the OYO app and mobile web for time-sensitive promotions.
- Produced campaign performance and website traffic reports to support data-driven decision-making by regional marketing leads.

**Escalation & Operations Associate, OYO Hotels and Homes** **April 2015 – March 2019**
*Gurugram, India*

- Managed customer escalations (CID, cancellations, no-shows) across domestic and international markets using RCA-driven resolution frameworks.
- Handled multi-channel customer support via Freshdesk; maintained Excel trackers and daily operational reports.
