DEVANSHI DEWANGAN

devanshi17dewangan@gmail.com | 8319189830 | Bangalore, India | linkedin.com/in/devanshi-dewangan-363405346

Summary

Lifecycle Marketing Specialist with expertise in CRM and retention strategies for D2C growth. Proven track record in managing high-volume, cross-channel campaigns across Push Notifications, WhatsApp, SMS, and In-App Messaging. Skilled in customer journey optimization, behavioral segmentation, and A/B testing to drive customer lifetime value and reactivation using CleverTap, Mixpanel, and Amplitude.

Experience

CRM / Retention Marketing | CureSkin *May 2025 – Aug 2026*
Bangalore

- Engineered and optimized CleverTap journeys, workflow automation, and marketing automation using behavioral data, user profiles, and cross-channel integrations to improve customer lifetime value (LTV).
- Orchestrated 40-50 CRM campaigns daily across Email, Push Notifications, WhatsApp, RCS, and SMS to drive high-volume lifecycle communication and user engagement.
- Developed automated customer journeys for new-user onboarding, activation, first-purchase conversion, repeat purchase, loyalty, and reactivation/win-back use cases.
- Spearheaded customer segmentation strategies using demographic, behavioral, and transactional data, including purchase history, product views, and lifecycle stage.
- Executed 8-10 WhatsApp campaigns daily with RCS/SMS fallback, ensuring scalable delivery and cross-channel campaign performance.
- Conducted structured A/B testing across copy, CTA, creative, and timing to optimize messaging efficiency and conversion rates.
- Analyzed funnels, cohorts, and user behavior using CleverTap, Mixpanel, and Amplitude to identify drop-offs and customer journey optimization opportunities.
- Delivered personalized CRM communication by matching product recommendations and offers to specific user behavior and lifecycle signals.
- Monitored performance metrics including CTR, conversion, revenue, and ROI to evaluate campaign effectiveness and identify upsell opportunities.
- Achieved CTRs of 2-3% for active users and 0.5-1% for inactive segments through continuous targeting and communication optimization.
- Built Excel and Google Sheets performance dashboards to track key business metrics and communicate actionable insights to Growth teams.
- Managed In-App Messaging content and onboarding articles to support product education and lifecycle engagement.
- Collaborated with Product, Design, and Growth teams, providing cross-functional project management to launch initiatives while mentoring teammates and reviewing campaign quality control.

Content Marketing Intern | Art Stroke Organisation *Sep 2024 – Mar 2025*
Kondagaon, Chhattisgarh

- Produced SEO-friendly blog posts, website content, and social media copy, managing end-to-end content generation using AI-powered tools to drive audience engagement and organic traffic.
